Amended proposal for a

REGULATION OF THE EUROPEAN PARLIAMENT AND OF THE COUNCIL

laying down common provisions on the European Regional Development Fund, the European Social Fund Plus, the Cohesion Fund and the European Maritime and Fisheries Fund and financial rules for those and for the Asylum and Migration Fund, the Internal Security Fund and the Border Management and Visa Instrument

EXPLANATORY MEMORANDUM

1. CONTEXT OF THE PROPOSAL

On 28 November 2018, the Commission presented its strategic long-term vision for a prosperous, modern, competitive and climate-neutral economy by 2050¹. The strategy shows how Europe can lead the way to climate neutrality by investing into realistic technological solutions, empowering citizens, and aligning action in key areas such as industrial policy, finance, or research, while ensuring social fairness for a just transition.

As set out in the European Green Deal Communication², the Commission proposes a Just Transition Mechanism to complement the budgetary and legal proposals already tabled for 2021-2027. The Just Transition Mechanism includes a Just Transition Fund implemented under cohesion policy. The Just Transition Fund is set up through a dedicated regulation, which lays down its specific objective, its geographical coverage, the methodology on the allocation of financial resources and the content of the territorial just transition plans required to underpin the programming.

The Just Transition Fund will be complementary to the proposed cohesion policy funds, including the European Regional Development Fund ('ERDF'), the European Social Fund Plus ('ESF+') and the Cohesion Fund and thus implemented under cohesion policy. Its overall management therefore will be governed by the provisions set out under the proposal for a Regulation laying down common provisions on the European Regional Development Fund, the European Social Fund Plus, the Cohesion Fund, and the European Maritime and Fisheries Fund and financial rules for those and for the Asylum and Migration Fund, the Internal Security Fund and the Border Management and Visa Instrument ('Common Provisions Regulation'). Therefore, this proposal needs to be amended in order to embed the Just Transition Fund as a new Fund under cohesion policy.

2. LEGAL BASIS, SUBSIDIARITY AND PROPORTIONALITY

• Legal basis

EU action is justified by Article 174, paragraph 1, TFEU: 'The Union shall develop and pursue its actions leading to the strengthening of its economic, social and territorial cohesion. In particular, the Union shall aim at reducing disparities between the levels of development of the various regions and the backwardness of the least favoured regions'.

• Subsidiarity and proportionality

In accordance with Article 4(2) TFEU the Union has shared competence with Member States in the area of economic, social and territorial cohesion as well as regarding certain aspects of social policy. It has also competence to carry out actions to support, coordinate or supplement the actions of the Member States in the area of education and vocational training as well as industry (Article 6 TFEU).

Shared management aims to ensure that decisions are taken as closely as possible to the citizens and that EU-level action is justified in light of the possibilities and specificities at

national, regional or local level. Shared management brings Europe closer to its citizens and connects local needs with European objectives. Moreover, it increases ownership of EU objectives, as Member States and the Commission share decision-making power and responsibility and jointly co-finance the programmes.

- **Choice of the instrument**

This Regulation amends the proposal for the Common Provisions Regulation³.

3. RESULTS OF EX-POST EVALUATIONS, STAKEHOLDER CONSULTATIONS AND IMPACT ASSESSMENTS

- **Stakeholder consultations**

The explanatory memorandum of the initial proposal for the Common Provisions Regulation details the public and stakeholders consultations carried out and the way the corresponding outputs have been reflected. The present amendment does not require additional consultation.

- **Evaluations and impact assessments**

The explanatory memorandum of the initial proposal for the Common Provisions Regulation details the outcome of *ex-post* and interim evaluations carried out to support the proposal.

It also confirms that this Regulation is not subject to an impact assessment, since it sets common rules and a delivery mechanism for different policies and Funds under shared management. The Regulations specific for each Fund providing support, on the other hand, are accompanied by their own impact assessments.

4. BUDGETARY IMPLICATIONS

The Commission seeks to pursue its priorities as set out in the political guidelines as part of the broader ambition for the EU budget. An ambitious Just Transition Fund is a priority in that context. This is the reason why the Commission has tabled very early in its mandate the legislative proposal for the Just Transition Fund which is complementary to and comes on top of existing proposals for the next Multiannual Financial Framework ('MFF'). The proposal, as well as this amendment of the Commission's proposal for the Common Provisions Regulation, will feed into the negotiation on the next MFF and expectedly will be integrated into the framework of an overall agreement on the next MFF.

5. OTHER ELEMENTS

- **Detailed explanation of the specific provisions of the proposal**

The legal framework consists of a dedicated proposal for a Just Transition Fund Regulation and targeted modifications to the Commission's proposal for the Common Provisions Regulation.

The delivery and implementation of the Just Transition Fund will be governed by the Common Provisions Regulation, which has to be amended.

The main amendments introduced relate to the following:

- Adjustments to the content requirements for the Partnership Agreement and programmes receiving support from the Just Transition Fund. These set out in particular the obligation to submit territorial just transition plans, as defined in the

³ COM(2018) 375 final.

proposal for a Just Transition Fund Regulation, as an annex to the programmes involving support from the Just Transition Fund.

- Description of the mechanism and rules governing the obligatory transfer of ERDF and ESF+ resources to the Just Transition Fund, on the basis of the type of interventions to be supported.
- Application of the provisions set out in the Common Provisions Regulation and in the proposal for a Just Transition Fund Regulation to the complementary ERDF/ESF+ resources to ensure that a single set of rules is applicable to all Just Transition Fund resources (single pool of resources with single set of rules).
- Explanation that the bases for the calculation of the thematic concentration requirements for the ERDF and the ESF+ do not include the amounts transferred from the ERDF and ESF+ as complementary resources to the Just Transition Fund.

Amended proposal for a

REGULATION OF THE EUROPEAN PARLIAMENT AND OF THE COUNCIL

laying down common provisions on the European Regional Development Fund, the European Social Fund Plus, the Cohesion Fund and the European Maritime and Fisheries Fund and financial rules for those and for the Asylum and Migration Fund, the Internal Security Fund and the Border Management and Visa Instrument

Commission proposal COM(2018) 375 is amended as follows:

- (1) the title of the proposal is replaced by the following:

"Proposal for a

REGULATION OF THE EUROPEAN PARLIAMENT AND OF THE COUNCIL

laying down common provisions on the European Regional Development Fund, the European Social Fund Plus, the Cohesion Fund, the Just Transition Fund and the European Maritime and Fisheries Fund and financial rules for those and for the Asylum and Migration Fund, the Internal Security Fund and the Border Management and Visa Instrument";

- (2) recital (2) is replaced by the following:

"(2) In order to further develop a coordinated and harmonised implementation of Union Funds implemented under shared management namely the European Regional Development Fund ('ERDF'), the European Social Fund Plus ('ESF+'), the Cohesion Fund, the Just Transition Fund ('JTF'), measures financed under shared management in the European Maritime and Fisheries Fund ('EMFF'), the Asylum and Migration Fund ('AMIF'), Internal Security Fund ('ISF') and Integrated Border Management Fund ('BMVI'), financial rules based on Article 322 of the TFEU should be established for all these Funds ('the Funds'), clearly specifying the scope of application of the relevant provisions. In addition, common provisions based on Article 177 of the TFEU should be established to cover policy-specific rules for the ERDF, the ESF+, the Cohesion Fund, the JTF and the EMFF.";

- (3) recital (8) is replaced by the following:

"(8) In order to contribute to Union priorities, the Funds should focus their support on a limited number of policy objectives in line with their Fund-specific missions pursuant to their Treaty-based objectives. The policy objectives for the AMIF, the ISF and the BMVI should be set out in the respective Funds-specific regulations. The JTF and the resources of the ERDF and the ESF+ that are transferred as a complementary support to the JTF, should contribute to a single specific objective.";

- (4) in recital (19), the first sentence is replaced by the following:

"The Member State should carry out a mid-term review of each programme supported by the ERDF, the ESF+, the Cohesion Fund and the JTF. ";

- (5) the following recital (22a) is inserted:

"(22a) In order to enhance the effectiveness of the JTF, complementary resources from the ERDF and the ESF+ should be made available to the JTF. Those complementary resources should be provided through a specific obligatory transfer from those funds to the JTF taking into account the transition challenges set out in the territorial just transition plans, which need to be addressed. Amounts to be transferred should be provided from resources of the categories of regions where the territories identified in territorial just transition plans are located. Given these specific arrangements for the use of the JTF resources, only the specific transfer mechanism should apply for the constitution of the JTF resources. Furthermore, it should be clarified that only the provisions of this Regulation and of Regulation (EU) [JTF Regulation] should apply to the JTF and to the resources of the ERDF and the ESF+ transferred to the JTF, which also become JTF support. Neither Regulation (EU) [ERDF/CF Regulation] nor Regulation (EU) [ESF+ Regulation] should apply to the complementary support. Therefore, the ERDF resources transferred as a complementary support to the JTF should be excluded from the basis of calculation of the thematic concentration requirements set out in Article 3 of Regulation (EU) [ERDF/CF Regulation] and from the basis of calculation of minimum allocations to sustainable urban development as set out in Article 9 of Regulation (EU) [ERDF/CF Regulation]. The same applies to the ESF+ resources transferred as a complementary support to the JTF in respect of thematic concentration requirements set out in Article 7 of Regulation (EU) [ESF+ Regulation].";

(6) recital (27) is replaced by the following:

"(27) In order to examine the performance of the programmes, the Member State should set up monitoring committees. For the ERDF, the ESF+ and the Cohesion Fund, annual implementation reports should be replaced by an annual structured policy dialogue based on the latest information and data on programme implementation made available by the Member State. The annual review meeting should be organised also for programmes covering the JTF.";

(7) recital (39) is replaced by the following:
